

# How to access File Sharing in iTunes 12.3

You may want to do a complete backup of all of your unrealBook files. Here's how to do a backup. In addition, if you get a new iPad you will want to copy all of your files to the new iPad. Here's how to do this.

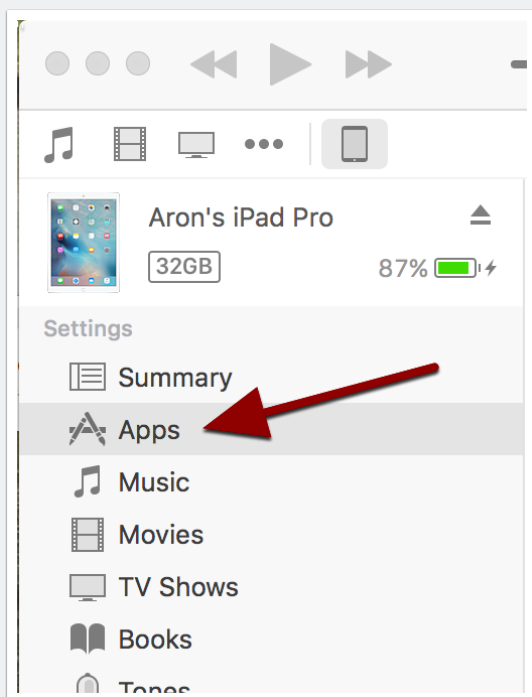

## Connect your iPad to computer and select it

# How to access File Sharing in iTunes 12.3

## Select Apps on the left

Click on Apps

# How to access File Sharing in iTunes 12.3

Locate File Sharing on the right panel and select unrealBook - your files are on the right side in unrealBook Documents
